

CBG INDUSTRIES
SELF ADHESIVE TAPES

We **CBG INDUSTRIES** are very pleasure to have a change to introduce our company. We are established in **2020** and we are new company in BOPP and Protective film. We are a dependable **Manufacture and Trader in the market for providing BOPP Tapes, Packaging Tapes, Adhesive Tapes, Printed Tapes, RCC Tape and Surface Protection Film and many more.** Although our history is short, we have employed a highly experience team who is working during long time in BOPP and protective film industries. So we are sure to say that our item's quality is very good. Our team of quality personnel supervises the entire manufacturing procedures and simultaneously conducts various tests in order to ascertain that our products possess enduring strength and durability, providing unimpeded performance throughout their operations.

Our main market is **Handicraft, Food Products and Industrial Machinery Manufacturers and Courier Service Providers and Sticker market** also our item is already accepted from Local and Domestic customers. Under the brand name **CBG INDUSTRIES** we have earned a reputed position across the market on the basis of our client centric approach, quality products, prompt deliveries, pocket friendly prices and flexible payment options. We are well equipped with world class infrastructure and other requisite facilities, which enable us to display outstanding production capacity. In addition to these proper testing arrangements are set up in the quality checking unit. To obtain maximum benefits from these world class facilities. We are efficiently meeting the bulk orders of client on time. Our aim is not only to meet the production dead line, but also maintaining a superior quality standard in the products.

Incorporated in the year **2020**, **CBG INDUSTRIES** was started by **Mr. Mukesh Kumar (MD)**, with a vision to be the leader in the category and today we hold the place of pride in the industry. His firm commitment is to provide a product line which is quality acclaimed and cost effective.

★ Effective ways to use BOPP Adhesive Tapes ★

Avoid laminated muddy or wet boxes

Press the tape firmly to stick it in place

Stick tape in an "I" shape for absolute firmness

Use a tape dispenser for a better application

Store tape in a cool place as heat reduces its gumming capacity

Ensure the tape's width matched the size of the box

Don't under fill the box

Don't over fill the box

Stick an extra 2.50, 3 inches of tape on the sides

Choose the right micron of tape based on the carton's thickness
